

The U.S. Legal Support Court Reporting and Record Retrieval Portal is designed to provide you 24/7 access at one central point, with the ability to easily schedule or reschedule your court reporting jobs online, view and download transcripts and exhibits, and place, track and download your record retrieval orders.

**Features Include:**

- Full view of monthly calendar with options to request, reschedule or cancel jobs online
- View account activity and download invoices
- Review case-wide documents with access to download transcripts and exhibits
- A Dashboard that allows you to see a summary of your record retrieval orders, orders completed, pending orders and orders that need action
- Timesaving features with more field pre-population, order status updates and options to add additional locations to existing orders
