Professional videographers and interpreters available

SOC 2 Type 2 Client Portal that is accessible 24/7 for easy scheduling, encrypted document transmission, secure document storage and more

WHY CHOOSE US

ON-DEMAND NETWORK OF NATIONWIDE COURT REPORTING RESOURCES

We offer access to more than 12,000 on-demand offices in 2,700 cities across the country. Our expert teams are ready to accommodate the unique needs of your case. No matter where you may need them, U.S. Legal Support can provide experienced, professional court reporters for any situation — depositions, arbitrations, trials, interviews — anywhere in the United States.

UNPARALLELED PROFESSIONALISM

We adhere to uncompromising standards for transcript quality, and we ensure our reporters follow all proper licensing and qualifications. By providing a matchless combination of personal service, innovation and scale, we have earned a reputation as the partner attorneys rely on for dependable, flexible and professional court reporting.

SOC 2 TYPE 2 & HIPAA COMPLIANT CLIENT PORTAL (with 24/7 Access!)

The backbone of our court reporting services is our secure online client portal which provides clients with the full scope of information for their deposition: everything from scheduling tools and calendar views to transcripts, videos, exhibits, account activity, invoices and more.

DOCUMENT DEPOSITORY SERVICES

We offer a SOC 2 Type 2 and HIPAA compliant online location for produced documents to be available to all parties in a case. For digital documents, our enhanced depository provides full search and retrieval capability including text searches across multiple documents, the ability to create document folders and subfolders, highlighting, annotation, redaction, tagging and more.
