

TRANSCRIPTION SERVICES WHATEVER YOU NEED IN WRITING, WE PUT IN WRITING.

At U.S. Legal Support we transform:

- Written and spoken material
 - In any format and on (almost) any media
- ...into useful evidence.*

Whether the source material is an audio recording, a written document, or something more unusual — say, video from a body camera, text from a Facebook page or a recorded 911 emergency call — our transcriptionists can construct it into written word - and useful evidence.

Performed by human
transcriptionists
within the U.S.

Can accommodate all file
formats including webcast/
internet streaming

Secure and encrypted
file transmission

Rush delivery
available

ANY MEDIA, ANY TIME

At U.S. Legal Support we have over twenty years of experience in transcribing a wide variety of proceedings such as statements, interviews, depositions, court proceedings, arbitrations, focus groups, surveillance, wire taps, phone calls, voicemails, meetings, television broadcasts, internet webcasts, seminars and presentations.

ANY FORMAT, ANY LANGUAGE

U.S. Legal Support can transcribe audio and video files from all file formats, as well as webcast/internet streaming, videocassette, audio cassette, microcassette and cell phone recordings, including synchronizing to a transcript, if requested.

Language is never an issue. Our team of professional translators are on staff to provide translation/transcription of written or audio content and translate/transcribe that same content into multiple languages, when needed.

NATIONWIDE PRESENCE, UNPARALLELED CUSTOMER SERVICE

U.S. Legal Support Transcription Services team provides one of the highest levels of customer service in the industry. With a nationwide presence in over 2,300 cities, we have the resources, technology infrastructure and network of talented transcriptionists to provide personalized and professional service, when and where you need it.
